

Harvia DELTA

Small on the outside, big on the inside.

Harvia Delta is a powerful package for a small sauna. It is a Compact and efficient heater with a large stone space. The sauna warms up quickly and you will not run out of heat. The triangular design allows Delta to be installed in a corner, improving the efficiency of space utilisation in the sauna. The heater is easy to mount on the separate wall rack included in the delivery.

The Delta heater gives a small sauna an elegant look. The heater is made of stainless steel.

Technical information:

Modell	D36
Output kW	3.6
Sauna room min m ³	2
Sauna room max m ³	4.5
Stone space max kg	11
Dimensions/mm width	340
Dimensions/mm height	635
Dimensions/mm depth	200
Weight kg	8
Supply voltage 2-phase	400V 2N
Connection cable mm ²	4x1,5
Fuse A	2x10
Supply voltage 1-phase	230V 1N
Connection cable mm ²	3x1,5
Fuse A	1x10
Safety distance/mm: to front lower platform	10
Safety distance/mm: to upper platform	50
Safety distance/mm: to ceiling	900
Safety distance/mm: to floor	150
